PRICE 2 CENTS.

Nature's Way Is Best.

The function strengthening and tissue building plan of treating chronic, lingering and obstinate cases of disease is followed by Dr. Pierce's Plan of Restoring Health.

He uses natural remedies, that is extracts from native medicinal roots, prepared by processes wrought out by the expenditure of much time and money, without the use of alcohol, and by skillful combination in just the right proportions.

Used as ingredients of Dr. Pierce's Golden Medical Discovery, Black Cherry Bark, Queen's root, Golden Seal root, Bloodroot and Stone root, specially exert their influence in cases of lung, bronchial and throat troubles, and this "Discovery" is therefore, a sovereign remedy for bronchitis, laryngitis, chronic coughs, catarrh and kindred ailments.

The above native roots also have the strongest possible endorsement from the leading medical writers of all the several schools of practice, for the cure not only of the diseases named above but also for indigestion, torpor of liver, biliousness, obstinate constipation, kidney and bladder troubles and catarrh, no matter where located.

You don't have to take Dr. Pierce's Discovery as to this: what he claims for his "Discovery" is backed up by the writings of the most eminent men in the medical profession. A request by postal card or letter, addressed to Dr. R. V. Pierce, Buffalo, N. Y., for a little book of extracts from eminent medical authorities endorsing the ingredients of his medicines, will bring a little book free that is worthy of your attention. It is a good, safe, reliable remedy of known composition for the cure of almost any old chronic, or lingering malady.

Dr. Pierce's Pleasant Pellets cure constipation. One little "Pellet" is a gentle laxative, and two a mild cathartic.

The most valuable food for both men and women is Dr. Pierce's Common Sense Medical Adviser. A splendid 1000-page volume, with engravings and colored plates. A copy, paper-covered, will be sent to anyone sending 21 cents in one-cent stamps, to pay the cost of mailing. Send to Dr. R. V. Pierce, Buffalo, N. Y. Cloth-bound, 31 stamps.

WIP IT IN THE BUD.

First Appearance of Dandruff a Forerunner of Future Baldness.

That such is the case has been conclusively proven by scientific research. Prof. Anna, the noted European skin specialist, declares that dandruff is the surest evidence of the scalp caused by parasites destroying the vitality in the hair bulb. The hair becomes lifeless, and, in time, falls out. This can be prevented.

Newbro's Herpicide kills this dandruff germ, and restores the hair to its natural softness and abundance.

Herpicide is now used by thousands of people—all satisfied that it is the most wonderful hair preparation on the market to-day.

Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

A Farmer Kills His Neighbor.

Alexander Cordella, 50 years old, a prominent farmer of East Vineland, N. J., yesterday shot and instantly killed his neighbor and friend, Nicholas Berti, aged 80 years. There had been a birthday celebration at the home of G. Bloni and Cordella was an uninvited guest, arriving there just before the party broke up somewhat under the influence of liquor. Berti volunteered to take Cordella home. When Cordella arrived at his home he suddenly said to Berti: "You came here to fight me, didn't you?" Berti answered "No," and turned to leave the yard, when Cordella opened the barn door and, seizing a shot gun, fired at 10 paces, the full charge striking Berti in the neck.

The slain man was very popular, and his friends began to gather there was a loud talk of vengeance. Deputy Sheriff Joseph Spencer and Borough Marshal Henry Tunney, of Vineland, pressed an automobile into service and patrolled the roads all the forenoon, while the farmers, armed with guns, clubs and revolvers, formed posses and searched the woods and swamps. Cordella finally took refuge in a grape-vine yard and there the officers and farmers captured him.

On the way to jail Cordella confessed by suddenly saying: "I killed him, but I do not want to be hanged. Please give me a knife or a revolver and they can bury me the same time they do Berti."

Headed by A. Leverone, a merchant of Vineland, the friends of Berti became so eager for vengeance that the officers had to use force to quiet the mob.

Want Negro Disfranchised.

As the result of Thursday's county election in Chattanooga, Tenn., in which the republican ticket was overwhelming.

ly defeated, after the party had admittedly spent thousands of dollars paying the poll taxes of the negroes, Chairman John H. Early, of the county committee, and Percy H. Wilson, defeated candidate for trustee, declare themselves for disfranchisement.

The republicans went to the greatest expense in handing the negro vote, and after that party had equipped them for suffrage the larger part of them were voted by the democrats. It is declared that a "filly white" movement has met almost the unanimous approval of white republicans. Mr. Wilson said:

"When the campaign for members of the legislature comes on I am for the candidate who will place in his platform a declaration in favor of a rigid educational qualification for voters. Two years from now I think I will be a candidate again for county trustee. I am sure I will if I can persuade my party to adopt the 'filly white' idea. There is nothing like experience. The negro is the most vicious element in Tennessee politics. Today he talks one way; tomorrow he has been purchased. He continues to talk the same way, but when he votes his ballot is in accordance with the deal made when the price for it was paid."

The tenor of a prepared statement by Chairman Early is practically the same, and white republicans generally are taking the same view.

Suicide at Parent's Graves.

Sitting within a few feet of the graves of her father and mother, in Loudon Park Cemetery, near Baltimore, Miss Lilly Poske, 38 years old, who had for several years been employed in the cloak department of a Baltimore store, yesterday afternoon drank a dose of carbolic acid. Then she hid the bottle from which the deadly drug had been taken among the ivy vines on a nearby grave, and a little later, just at the moment she expired, was discovered by her sister, Mrs. Frank Feldman, with whom she made her home. Hidden in the ivy on another grave was a half-pint bottle, which had contained whisky, and the presumption is that the stimulant was taken first, to give her the courage to carry out her evident purpose of self destruction. No note or message was found to disclose a purpose for the suicide. Mrs. Feldman, however, believes that despondency, the result of a serious heart trouble, with which her sister had for months been a sufferer, was the cause. The woman's mouth and tongue were horribly burned, and the fact that she was sitting upright leads to the presumption that the effects of the drug were very prompt. So strong was the acid that the hand of a man who handled the glass was painfully burned.

Deed of Crazy Youth.

While apparently crazed John Carle, a homeless youth, crept behind William C. Pearson, a traveling salesman, who was walking through west Twenty-third street, New York, yesterday, and plunged a long knife into his back. As Pearson fell Carle sprang upon him and

A Healing Gospel.

The Rev. J. C. Warren, pastor of Sharon Baptist Church, Belair, Ga., says of Electric Bitters: "It's a Godsend to mankind. I cured me of lame back, stiff joints, and complete physical collapse. I was so weak I took me half an hour to walk a mile. Two bottles of Electric Bitters have made me so strong I have just walked three miles in 30 minutes and feel like walking three more. It made a new man of me." Greatest remedy for weakness and all stomach, liver and kidney complaints. Sold under guarantee at E. S. Leadbeater & Sons' drug store. Price only 50c.

Having used all the highly recommended creams and lotions, with much hesitancy I bought your entire treatment. After giving it a fair trial I most heartily recommend it for its worth. began riding his pockets, but ran away when a dozen passersby rushed on him. Half a block away he was captured by a policeman to whom he surrendered the knife, saying: "Here's what's left of it."

The blade had been broken in half, leaving three inches in Pearson's back. Pearson was taken to the hospital, where it was found that he was probably mortally wounded. When taken to the court Carle, who was much emaciated and so weak as hardly to be able to stand, said: "I made up my mind to kill some one and I made up my mind to kill the first man who passed. This man was the first, and I went for him." Carle was committed to Bellevue Hospital for mental examination.
